JOSEPH and the AMAZING TECHNICOLOUR DREAMCOAT

JOSEPH AND THE AMAZING TECHNICOLOR DREAMCOAT.

Synopsis.

This cantata is based on the biblical story of Joseph, his father Jacob, and his eleven brothers. Joseph is his father's favourite son, and Jacob cannot hide his pride in and preference for Joseph, much to the displeasure of the other brothers. Joseph interprets people's dreams and the other brothers are jealous of his ability to do this, so they hatch a plan to sell Joseph as a slave. While Joseph is imprisoned, his reputation for revealing the meaning of dreams comes to the attention of Pharoah, his master, who has been having some crazy dreams. Joseph explains that Pharoah's dreams reveal plenty followed by famine for the people of Egypt, and Joseph is elevated to the status of Pharoah's right hand man. Meanwhile, his brothers suffer during the famine, and decide they will seek out their "brother Jo", not realizing that he is Pharoah's "number two". Joseph, of course, decides to play a game with them to pay them back for their wrongdoing. A golden cup is planted in the brother Benjamin's sack and Joseph accuses his brothers of being thieves. All is resolved finally, and Joseph, Jacob, and the rest of the family are reunited.
